

# Cylinder Exchange Form

1. Fill out this form completely and include it in your package.
2. Cylinder must be OEM only. No matter what cylinder kit you order.
3. Be sure to package the OEM cylinder well as we are not responsible for damage during shipping.
4. Ship your core back in the box that your cylinder (or kit) was shipped to you in. There will be an included shipping label for you to use for shipping your cylinder back to us.
5. After we receive and inspect your OEM cylinder, if it passes inspection we will refund your order \$40.
